

Development paths of inner-peripheries (IP)

Basic trends of population dynamics in IP regions, 2000–2015

* Uptrend (++) : significant increase of population
 Sideways (+) : minor-average increase of population
 Change (+) : overall increase of population with trend change (stagnation/increase; increase/decrease)
 Change (-) : overall decrease of population with trend change (stagnation/decrease; decrease/stagnation)
 Sideways (-) : minor-average decrease of population
 Downtrend : significant decrease of population
